ACCOUNT SECURITY

Multi-factor authentication is mandatory for email, VPN, and production systems.

Passwords must contain at least 14 characters and must not be shared.

INCIDENT REPORTING

Suspected security incidents must be reported to the security team within 1 hour of discovery.

Employees must not investigate suspected malware on their own device.

DATA CLASSIFICATION

Company information is classified as Public, Internal, or Confidential.

Confidential information may be shared externally only with authorization and an approved secure channel.

STORAGE AND RETENTION

Business records covered by the retention schedule are kept for 7 years.

Confidential company data must not be stored on personal removable media.
